Diversity

Jamie a lot of men of color were in attendance. Black Dick White Dick John Torres. Dave
Fleischer/Mike F. organized a conversation. We have researched with the Billy's and top-down doesn't
seem to work and it would best if not imposed on people. We are hoping to work on this diversity
issue. Milo website to reflect more diversity in imagery.

Mike F. forty men " Comment from the Summer Gathering Men of color had the experience of commonly
coming to a gathering for years, and their experiences and I volunteer and then I never take to them and
"I wander around like a ghost year after year after year." A very spiritual grace. Basically said we are
trusting you with their heart. Natural to talk to our affinity groups. He is in my affinity groups. Another

conversation at dinner at the fall gathering. How can cmg be more welcoming to men of color?
VP Milo, First timer orientation three times over it will including everyone. It supposes to be an intimate setting.
